

PLANNING TO DRINK? PLAN FOR A SOBER RIDE HOME.

You can't drive impaired if you don't bring your vehicle. Use a cab or a ride-sharing service to get home safely.

Attend with a friend or colleague and designate who will be the sober driver. Do you see signs that the designated driver is drinking? Take a cab or ride-sharing service home.

If available, consider public transportation.

PLAN A SOBER RIDE. YOUR DECISIONS DRIVE YOUR SAFETY
