

# Senior Driver Pledge

As I plan for retirement and the changes that will take place during my senior years,  
I acknowledge that one of the things that may be compromised is my ability to drive safely.

I want to drive safely as long as possible; however in the event that my or other's safety could be  
compromised, I have selected \_\_\_\_\_ to tell me  
*agreed upon family member or friend*  
when they believe I need to phase out certain driving activities or eliminate driving altogether.

I commit to honoring this person's recommendations regarding my driving and will respectfully  
engage in any related activities or conversations meant to keep me and others on the roads safe.
